

PROJECTOR COMPATIBILITY

A comprehensive list of all the Projector makes and models that we have previously made a mount for. If you can't find your projector within this list - don't panic! Just drop an email to sales@unicol.com or **enter the projector details when ordering online** and we'll check its compatibility and design and manufacture a new one for you if necessary.

[SEARCH VIA MANUFACTURER](#)

[SEARCH VIA GROUP CODE](#)

During our 55+ years of manufacturing, we've produced dedicated/universal mounts for thousands of projectors and during this time we've noticed that some of them match one another. These group codes reflect the different mounts produced and show what other projectors will work with each code.

Whilst we keep this as up-to-date as we can, we know that some projectors may be missing - if this is the case, please email sales@unicol.com or enter the product details when ordering online.

During our 55+ years of manufacturing, we've produced dedicated/universal mounts for thousands of projectors and are always continuing to develop our mounts to suit more and more manufacturers. Whilst we keep this as up-to-date as we can, we know that some projectors may be missing - if this is the case, please email sales@unicol.com or enter the product details when ordering online.
