UNICOL®

Mounting
Solutions

Supporting You

Welcome to the 2018 Unicol Catalogue

Our comprehensive range of AV equipment mounts is available ex stock and offers unrivalled flexibility. Order either as standard assemblies or in component form to suit your own requirements. We also offer an efficient service in the manufacture of custom made items, from 'one-off' specials to large scale projects for corporate users. – Call us today or visit our website!

Unicol's solid design principles, driven by a passion to supply safe, cost effective, adaptable and dependable mounting solutions has been at the heart of our 50 years serving the AV industry.

Our 45,000 sq ft Oxford factory dedicated to the production of AV mounting solutions brings together design, development, testing, manufacture, despatch, sales & support, all under one roof.

How To Order

Call our sales / technical team direct, email or order on line.

We are ready to help regarding the best choice of items to order or to advise on any project being considered.

Tel: **01865 767676**

Email: **sales@unicol.com**

Web: **www.unicol.com**

Most standard products available on an ex stock basis.
Please state screen or projector make / model & colour choice.

Symbols used & other information

## NEST-STAR®
Nesting Trolleys

AV Teaching Aid on Wheels

A complete large format audio visual teaching assistant on wheels that can be deployed quickly and neatly stowed when not in use.

This robust trolley is designed for large format displays and securely houses your favourite PCs and controllers, whilst allowing fast deployment of cabling. The standard trolley comes with a plain mast. However, we understand that choice of equipment is important and will customise the rear or front of the mast section with a 300 x 300 x 100mm cable/keyboard pocket and standard double gang wall plate & cable assembly at an additional cost. (Please call us for a quote). Handles are provided for ease of movement as standard.

These trolleys can quickly turn an empty space into an effective student e-learning environment as and when required. Whilst Sinterflex Black is the standard colour, other bright & bold finishes are available.

✳ **Robust modular construction**

✳ **Easy to assemble and install**

✳ **Quick and easy deployment**

✳ **Customisation available**

✳ **Secure storage for players / PCs**

✳ **Standard black with colour options**

✳ **Fast turnaround delivery 5 - 7 days**

PowaLift™

Electronic control & PowaLift technology combine in these versatile units.

* **Safe, smooth operation**
* **Well proven technology**
* **Quality, long life components**
* **For screens 33 to 70 inch**
* **Controllable by Remote fob, cord switch or direct from your laptop – all supplied with unit**

Operated by wireless remote or manual switch, screens can be commanded to rise or descend smoothly through 700mm, stopping safely at any point.

These units serve many requirements, particularly in the field of education, enabling young children or wheel chair users to interact with touch screens. 'Touch of a button' height control also makes it easy to move from one location to another through doorways.

Screen mount, hand held remote with manual switch and 4-way power socket supplied as standard.

Slim Profile Mounts

Versus Thin Mount Range

As screens become thinner and lighter it is only natural to have a mounting system that shows off the virtues of Direct and Edge Lit LED technology.

This new range of screen mounts is available in wall, stand or ceiling versions, tilting & non-tilting. The ceiling version is supplied with an adapter to fit a standard column. The trolley version fits directly to a standard PS2 twin column adapter.

The tilting version is 40mm deep from back plate to rear of screen and fits most popular VESA fixing centres 200, 300, 400 & 600 x 400.

Outdoor Housings for up to 86" screens

Unicol pioneered the development of outdoor housings and has unrivalled experience in this specialised field. Our well proven range of housings go from small screen monitors used in harsh environments right up to the latest 80inch large format screens.

All are constructed in 1050 grade aluminium and utilise high quality temperature control components within. Screen viewing panels in impact resistant polycarbonate are incorporated as standard, toughened or laminated glass is also available as an option.

The UNICOL Difference

Why our outdoor housings look so good and work so well is because each and every one is tailor made to perfectly fit the screen specified. Our dedicated software and manufacturing capabilities enable us to do this and offer a prompt & reliable delivery, – usually within 7 to 10 days.

– a perfect result in rapid time!

Your Choice of Square or Round Corner Housings

✱ Slimline screens have enabled us to manufacture these housings in our new slimline style. These will always be supplied where the screen depth allows. – Please call us for confirmation if needed.

ODHs for Special Applications

Unicol has been entrusted with many Outdoor Housing projects for special applications.

Shown here are ODHs manufactured for the LG 86" Ultra Stretch signage displays. These were required to be suspended back to back and tilted for optimum viewing angle.
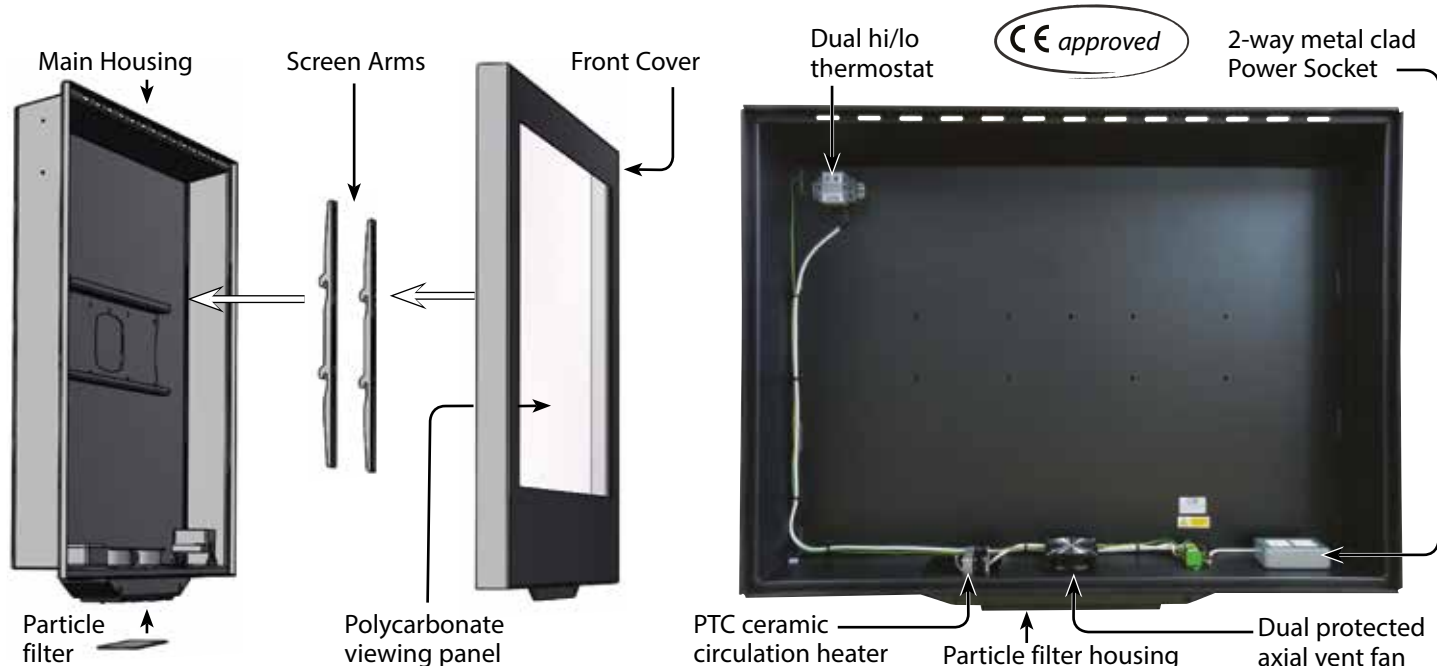

Our portfolio of ODH specials include housings for twin side by side screens, touch screens, housings for production line monitors and extra heavy duty versions for psychiatric hospital applications.

– Call us for technical advice on any special project needs

For the Technical: housings all feature the following:

✳ **Tailor made for perfect screen fit every time**

✳ **Wide range available – 32" to 86" screens**

✳ **IP53 rated with vandal resistant screen**

✳ **Corrosion free for long life in all weathers**

✳ **Light weight aluminium construction**

✳ **Wall, ceiling or back-to-back mountable**

✳ **Thermostatic internal Heating & cooling**

✳ **User replaceable cartridge air filtration**

ScreenRail Universal Multi-Display System

ScreenRail™

✱ **Trolley or stand**

✱ **Ceiling Suspend**

✱ **Wall mount**

3 x MD2U70 shown with VWA1 Arms, Adapters PS1, Columns, Ceiling Plates CP1 & SVWJ Joiner Plates (Use PS7's to tilt complete rail).

ScreenRail Universal Multi-Display System

A highly adaptable rail system for mounting flat screens in-line, in any number. –Ideal for Digital Menus & Telepresence, etc. Can be used with stands and ceiling suspension systems.

ScreenRail system comprises a choice of 3 standard rail modules and a range of screen arms to cover all applications. The screen arms are listed in standard non-tilting & tilting versions & for displays in portrait or landscape. We recommend micro adjustable arms for precision alignment of screen faces. Back to Back versions also available.

2 x MD2U70 shown with VWA1 Arms

60kg MAX per screen

How to order

Select any combination of rail modules and screen arms for your installation. (Total rail length should be just shorter than the total length of the display to allow the screen arms ample latitude when fitted to the VESA locations).

Rail Modules

In 3 standard lengths, all with identical section profile for full interchangeability. Provision for bolting together as required. May be direct wall fixed, with or without tilt extension brackets (SR10 / SR20) or ceiling suspended.

Order Code	mm	£ Ex Vat

45kg MAX per screen ●○

Typically 40-55" screens

Free-standing video wall system

Ideal for situations when quick, easy and accurate assembly is required such as hire and retail, where regular change is inevitable.

This robust modular structure is made of individual mast units that are joined with cross members enabling a 4-high display unit to have infinite width, (3-high display units are also available). Cable management runs are catered for and there is adequate space for players or PCs.

Each display fixes to the VWP1 standard 'Push to close - Push to open' video wall mount capable of VESA 200 x 200 to 800 x 400, for displays up to 45kg. (See Page 30) The mount allows for tool-less adjustment in all planes by means of knurled wheels for in-out and up-down movement. Lateral action is achieved by sliding the display smoothly on wheels located in the mount arms.

* **Robust modular construction**
* **Easy to assemble and install**
* **Wide choice of screen options**
* **Space for players and PCs**
* **Discreet cable management**
* **'Push to open' - 'Push to close' mounts**
* **Tool-less screen adjustment**

– Call us for details

Retail Window Solutions

Ideal for retail and other applications to enable screens to be tracked in / out or from side to side, thus opening exciting possibilities for window displays, dynamic presentations, servicing needs or just access for screen / store front cleaning.

AV Roller Trak system consists of track lengths of standardised design which carry smooth running ball bearing trolley units. Standard Unicol column lengths & screen mounts complete the installation.

* **Smooth, easy operation**
* **Single or multiple screens**
* **Wide choice of track lengths**
* **Swivel or Rotamount options**

Multi screen version

Shop Window Display

Typical roller track window display.

Single screen version shows roller track used to move screens along the length of a window as part of a changing window display.

Multi-screen version used to track screens in and out for cleaning or servicing when installed close to a window.

Typical corporate hidden floor to ceiling installation

Floor to Ceiling and Floor to Wall Systems

These are available in standard (single column) and heavy duty (twin close column & 'goal post') versions, giving the option of single sided, back to back or multiple screen presentation. Floor to wall options are built up in the same way from the standard installation accessories listed on Pages 22 & 23 of this catalogue to give an almost infinite range of options.

– Our technical support team are pleased to advise on the best choice for any installation project being considered.

There are three standard methods of installing screens both floor to ceiling and floor to wall, typical components shown below:

Single column style for normal applications. –Single screens up to 70" or multiple small screens.

CP1
28.70 *£ Ex Vat*

PZX3
98.40 *£ Ex Vat*

PS3U1
69.30 *£ Ex Vat*

Single sided

Column 3000C
67.50 *£ Ex Vat*

FP1
26.50 *£ Ex Vat*

For floor to wall applications use shorter column & replace CP1 & PS3U1 with **CTS**
48.60 *£ Ex Vat*

CP1
28.70 *£ Ex Vat*

PZX3 x 2
196.80 *£ Ex Vat*

PS5TB
115.60 *£ Ex Vat*

Back to Back

Column 3000C
67.50 *£ Ex Vat*

FP1
26.50 *£ Ex Vat*

Twin column style for heavy / multiple screens and tall headroom installs.

CP8
65.70 *£ Ex Vat*

PZX1
98.40 *£ Ex Vat*

PS3V1
72.95 *£ Ex Vat*

Single sided

3000C x 2
135.00 *£ Ex Vat*

FP8
58.70 *£ Ex Vat*

For floor to wall applications use shorter columns & replace CP1 & PS3V1 with **CTT110**
63.10 *£ Ex Vat*

CP8
65.70 *£ Ex Vat*

PZX1 x 2
196.80 *£ Ex Vat*

PS8
85.00 *£ Ex Vat*

Back to Back

3000C x 2
135.00 *£ Ex Vat*

FP8
58.70 *£ Ex Vat*

Goal post style using a span mounting unit for large displays or touch screens. Can be used for floor to ceiling or floor to wall applications.

CP1 x 2
57.40 *£ Ex Vat*

3000C x 2
135.00 *£ Ex Vat*
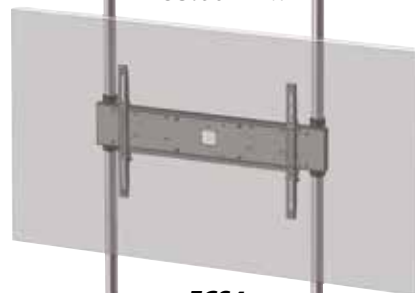

FCS4
342.10 *£ Ex Vat*

FP1 x 2
53.00 *£ Ex Vat*

Order Code	Span Units Only	£ Ex Vat
FCS1	up to 70" & 60kg screens	**212.40**
FCS4	71" to 110" & 130kg screens	**342.10**

For floor to wall applications use shorter columns & replace CP1's with:

CTS x 2   **97.20** *£ Ex Vat*

For Back to Back version add PZX1 (FCS1) or PZX9 (FCS4).

PC pocket for FCS4 also available.

(The range of installation components for columns, ceiling & floor plates is shown on Pages 22 & 23)

Spider Gantries

These ceiling mounted units are available for a wide range of screen sizes incorporating our Pozimount universal tilting screen mounts. The spider style and single column gantry versions have swivel capability and all have cable entry ports for neat installation.

By their very nature all spider style and in-line gantries incorporate parts which are factory made to suit specific requirements but all versions are available on a short turn round basis.

Call our technical support team for advice on any project or installation being considered.

Spider – triple screen unit

✱ *We also manufacture gantries for projectors – Call us for details*

In-line Gantries

Side View

Spider – five screen 'pentagon' unit

CP5 Ceiling Mount

Single sided In-line gantry

Side View

Typically 33-57" screens

Back-to-back In-line gantry

Typically 33-57" screens

Spider five screen gantry - illustration shows typical gantry main frame. Add heavy duty column / CP5 ceiling mount (special to these gantries) & screen mounts (pages 18/19).

Order Code		£ Ex Vat
SG3	3 screen spider gantry - max weight per screen 50Kg	462.90
SG4	4 screen spider gantry - max weight per screen 50Kg	617.20
SG5	5 screen spider gantry - max weight per screen 40Kg	770.00
CP5	Large gantry ceiling mount for use with above (Page22)	110.50

Order Code	Bar Length (mm)	£ Ex Vat
DIG5	100-500	75.60
DIG10	500-1000	75.60
DIG15	1000-1500	75.60
DIG20	1500-2000	75.60

Order Code		£ Ex Vat
MSS1	Bolt on socket	17.00
MSP1	Bolt on peg	14.00

In-line gantries require MSS1 sockets or MSP1 pegs (above), Single sided require PS1s, Back-to-Back PS5s (Page23). All require Screen Mounts (Pages 18/19).

Product codes & prices listed are intended as a guide as most gantry installations are 'project driven' with the make/model & number of screens as well as the location already chosen. Call our technical team who have wide experience in advising the necessary mount component 'package' to best meet the needs of your installation.

Protective Covers & PC Housings

Screen Protective Covers

5mm thick, clear, anti-shatter screen with a metal bezel provides a durable front cover for screens.

Two landscape versions are available, one that clips to the screen (square corners only), the other attaches to the wall (square & rounded corners available. For portrait versions use order code PCP instead of PCL below. Anti-reflective screens also available.

We can supply bespoke versions in branded colours including logos. – Call for details.

Landscape clip-on (square corners)
(Screen mount required with these units)

Order Code	Square corners only	£ Ex Vat
PCL0	*Clip-on - 15" to 32"*	**255.00**
PCL1	*Clip-on - 33" to 57"*	**288.40**
PCL2	*Clip-on - 58" to 70"*	**346.10**

Landscape wall mounted (square or rounded corners)
(Screen mount included with these units)

Order Code	Square corners	£ Ex Vat
PCL5	*Wall mounted - 15" to 32"*	**540.80**
PCL7	*Wall mounted - 33" to 57"*	**574.40**
PCL8	*Wall mounted - 58" to 70"*	**632.10**

Order Code	Rounded corners	£ Ex Vat
PCL10	*Wall mounted - 15" to 32"*	**865.20**
PCL11	*Wall mounted - 33" to 57"*	**898.40**
PCL12	*Wall mounted - 58" to 70"*	**956.10**

Anti-reflective screen – additional price **£67.20**
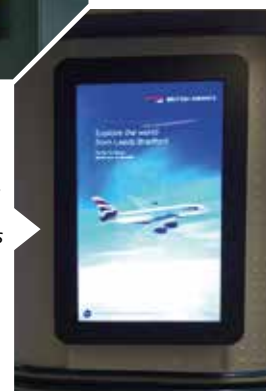

Typically 15-70" screens

Typical landscape clip-on version with square corners

Portrait wall mounted Cover PCP7 with standard square corners. (bespoke screen branding retained) – Heathrow Airport T5

Portrait wall mounted Cover PCP11 with rounded corners London City Airport

---

Rear Covers

Tesco Stores

Birmingham Bullring

We design and manufacture custom made rear covers for a wide range of screen sizes. These enhance any installation and provide a neat appearance enabling cables & connections to be hidden when screens are installed in open areas.

Full screen versions or partial covers to enclose only the cables & connections are available.

Order Code		£ Ex Vat
BCW1	*Full covers - screens 33" to 57"*	**348.30**
BCW2	*Full covers - screens 58" to 70"*	**438.40**

Typically 33-70" screens

Call us for details quoting make & model of screens being installed

---

Screen Mount / PC housing combinations

We manufacture screen mounts incorporating housings for small form factor PCs. These units greatly reduce installation time. Units are listed below incorporating our Pozimount universal mounts in tilting & non-tilting versions.

Custom made, security locking versions & power socket options also available.

Universal Mount Version

Housing inner dimensions 320(w) x 100(d) x 330(h) mm
