Edition 58

Mounting Solutions

Supporting You

Welcome to the 2021 UNICOL Catalogue

Our comprehensive range of AV equipment mounts is available ex stock and offers unrivalled flexibility. Order either as standard assemblies or in component form to suit your own requirements. We also offer an efficient service in the manufacture of custom made items, from 'one-off' specials to large scale projects for corporate users. – Call us today or visit our website!

Well 2020, dominated by Brexit and Covid – certainly a year to forget! The reality of these things now very much with us, and like all UK firms we've had to rapidly adapt to maintain the same standards of quality and service expected of us, so for the last few months UNICOL has used the opportunity to make many changes for the better. UNICOL's website is even more user friendly, new products continue to come on line with an increase in the capability to design and deliver special projects on time and on budget.

In many ways the big winner was the planet, with a huge reduction in CO2 emissions, the cleanest air in some cities for over 20 years and firms like our own, working to meet much needed green targets; our products and their packaging being 98% recyclable.

So, what will 2021 deliver? Initially more of the same, but already there are positive signs that the AV industry will be ever more needed in our technology driven world. One thing is certain, the UNICOL team will continue to deliver the best mounting solutions from our Oxford based factory, where every product starts life as prime raw material at one end of the factory to become fully finished products at the other. UNICOL has made a massive investment in manufacturing with the capability of rapid turnaround on orders, so join us in not only reducing the carbon impact but also supporting British jobs and skills. We're here to support you as much valued AV customers whether existing or new, so a warm welcome awaits as always.

David Jopling
Managing Director

UNICOL products have been designed to meet BSI installation specification standard BS8590. All goods are sold subject to the Companies terms & conditions of sale, a copy of which is available upon request or can be downloaded from our website www.unicol.com. VAT will be charged at the prevailing rate at time of invoice. Mechanical items have a 10 year design & manufacturing warranty. Electrical parts are covered by a 12 month return to base warranty. UNICOL products are the subject of continuous development and we reserve the right to improve designs or change specifications without prior notice.

Products and prices listed in this catalogue are correct at time of going to press (Issue 58 - 2021). © Peter Ligertwood 2021.

NEST-STAR[®] Nesting Trolleys

A complete teaching assistant on wheels that can be deployed quickly and neatly stowed when not in use.

This robust trolley supports your displays and securely houses your favourite PCs and controllers. The standard trolley comes with a plain mast. However, we understand that choice of equipment is important and will customise the rear or front of the mast section with a 300 x 300 x 100mm cable/keypad pocket and standard double gang wall plate & cable assembly at an additional cost. (Please call us for a quote). Handles are provided for ease of movement as standard.

These trolleys can quickly turn an empty space into an effective student e-learning environment. Whilst Sinterflex Black is the standard colour, other bright & bold finishes are available.

- * Robust modular construction
- * Easy to assemble and install
- * Quick and easy deployment
- * Customisation available
- * Secure storage for players / PCs
- * Standard black with colour options
- * Fast turnaround delivery 5 - 7 days

Axia Titan

Designed for large format or multi-screen applications, these trolleys incorporate heavier mast sections and increased base footprint to accommodate large screen sizes and heavier loads. Axia Titan trolleys come in 4 versions:

- * **Fixed Height**
- * **Manual Easy Lift**
- * **Bolt Down versions**
- * **PowaLift with Remote**

Safety Note: Safety must always be the first priority when handling large / heavy screens, which should be installed by qualified personnel using appropriate lifting equipment. Manoeuvre and position trolleys only on flat and even surfaces. Large screens may need removing when manoeuvring trolley under standard door heights.

Manual Easy Lift

Smooth 'ratchet action' for easy lifting. Practical, reliable and immune from show venue power outages!

PowaLift™

Electronic control & PowaLift technology combine in these versatile units.

- * Safe, smooth operation
- * Well proven technology
- * Quality, long life components
- * For screens 33 to 100 inch
- * Controllable by remote fob, cord switch or direct from your laptop – all supplied with unit

Operated by wireless remote or manual switch, screens can be commanded to rise or descend smoothly through 700mm, stopping safely at any point.

These units serve many requirements, particularly in the field of education, enabling young children or wheel chair users to interact with touch screens. 'Touch of a button' height control also makes it easy to move from one location to another through doorways.

Screen mount, hand held remote with manual switch and 4-way power socket supplied as standard.

Video Conference Camera Mounts

Video Conference Camera Mounts

We have been designing and manufacturing video conference camera mounts for many makes and models for many years. These units allow video conference cameras or any small item to be fixed to our stands & trolley ranges and ceiling suspension systems where a screen is used.

There are a number of models that slot into our screen mount 150 x 150mm fixing arrangements. Other models hook onto the rails of our universal mount range providing options for all installations.

The models listed here have a 360(w) x 260(d)mm standard platform and we have a huge range of custom sizes specific to camera make & model.

Can be mounted above or below the screen.

Order Code **VCM1** Screens 57 - 70 £ Ex Vat **87.90**

Slim Profile & Other Mounts

eXcalibur™ Ultra Slim Universal Wall Mounts

- * Only 7.5 millimetres thin!
- * For screens up to 57" (max 35Kg)
- * Fits all of the following VESA sizes: 200x200 / 300x300 / 400x400 / 600x400

Order Code		£ Ex Vat
UTM	with 680mm wall plate	55.00
UTM1	with 500mm wall plate	55.00

(Caution: Please check that your screen has cabling connections which allow the use of a slim style wall mount and do not protrude excessively from the rear).

Tablet Mounts

Ideal for point of sale, these mounts are suitable for most sizes of tablet.

Can be fitted to a wall or single column stand and encases your tablet in a steel shell offering anti-tamper protection.

Order Code		£ Ex Vat
TBM1	7" to 11" screens, 100 x 100 VESA	120.40
TBM2	12" to 15" screens, 100 x 100 VESA	123.50

Please provide make & model of Tablet when ordering. POE adapters can also be accommodated.

Versus Mount Range

As screens become lighter it is only natural to have a mounting system that shows off the virtues of Direct and Edge Lit LED technology.

This range of screen mounts is available in wall, stand or ceiling versions, tilting & non-tilting. The ceiling version is supplied with an adapter to fit a standard column. The trolley version fits directly to a standard PS2 twin column adapter.

The wall version has ample room for services and folds down into a small package for easy stocking. All versions fit the most popular VESA fixing centres.

Outdoor Housings in Landscape or Portrait

Outdoor Housings for up to 86" screens

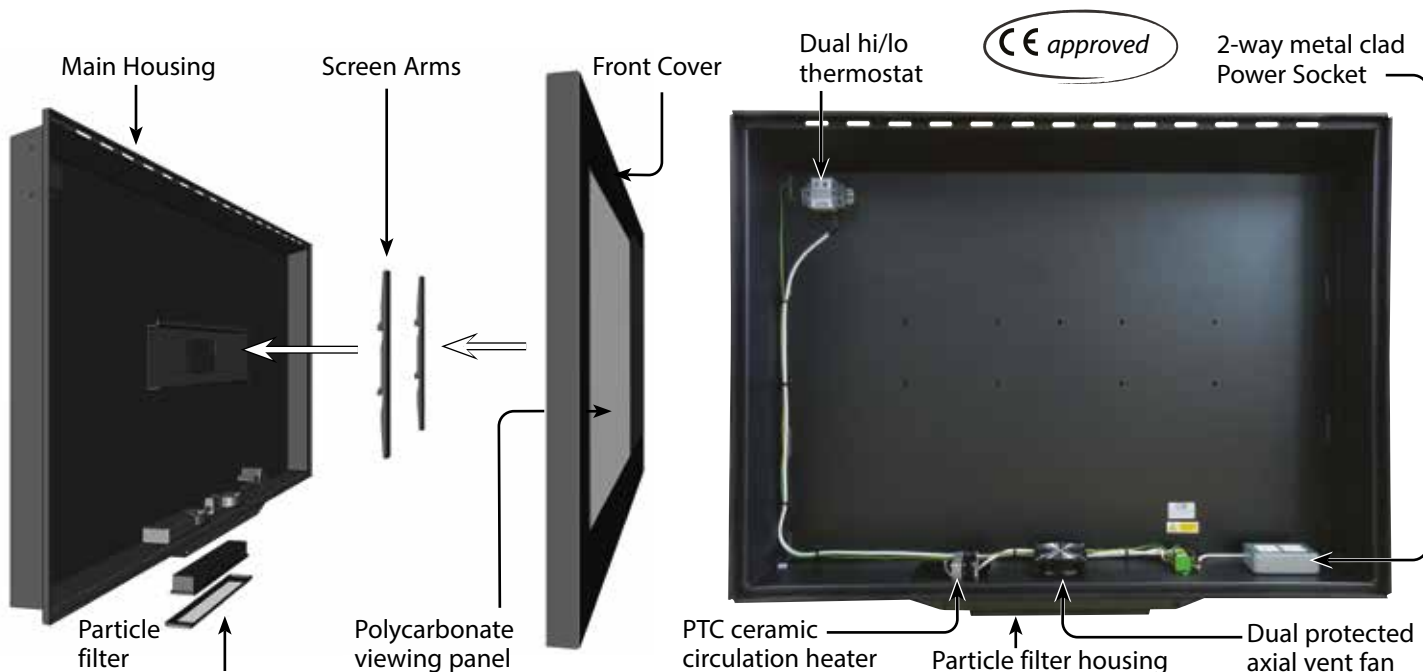

UNICOL pioneered the development of outdoor housings and has unrivalled experience in this specialised field. Our well proven range of housings go from small screen monitors used in harsh environments right up to the latest 86inch large format screens.

All are constructed in 1050 grade aluminium and utilise high quality temperature control components within. Screen viewing panels in impact resistant polycarbonate are incorporated as standard. Toughened or laminated glass is also available as an option.

For the Technical – housings all feature the following:

— In Landscape or Portrait —

- * Tailor made for perfect screen fit every time
- * Wide range available – 32" to 86" screens
- * IP53 rated with vandal resistant screen
- * Corrosion free for long life in all weathers
- * Light weight aluminium construction
- * Wall, ceiling or back-to-back mountable
- * Thermostatic internal heating & cooling
- * User replaceable cartridge air filtration

*Prices quoted are ex-works
as all housings are despatched
by dedicated courier
or collected*

ADAPTA-WALL®

Patent Pending Registered Design

The installer friendly Pop Out mount loaded with innovative features.

* With standard 'Push to close - Push to open' action. Also available with remote latching system where closure with no screen contact in the case of ultra thin displays is required.

* For screens up to 45Kg with fixings; VESA 200 x 200 to 800 x 400mm.

* Full screen adjustment in all planes.

* Accurate horizontal / vertical centre line marks on all back plates for easy set up.

* For direct wall fixing or use with our video wall structure components for ceiling, floor to ceiling or floor to wall applications.

* Optional 'pull cord' security feature prevents unauthorised 'Pop out' operation in public areas or any situation required.

70mm – Closed
220mm – Open

Compact Version

The compact size of this version is for screens up to 40" and covers VESA sizes 100 to 300mm. Comes complete with fine adjustment features for accurate screen positioning.

Wall Plate dims: 410w x 500h
Fits VESA: 100 x 100mm 200 x 200mm 300 x 200mm

Free Standing Video Walls & Roller Trak

Free-standing video wall system

Ideal for situations when quick, easy and accurate assembly is required such as hire and retail, where regular change is inevitable.

This robust modular structure is made of individual mast units that are joined with cross members enabling a 4-high display unit to have infinite width (3-high display units are also available). Cable management runs are catered for and there is adequate space for players or PCs.

Each display fixes to the VWP1 standard 'Push to close - Push to open' video wall mount capable of VESA 200 x 200 to 800 x 400, for displays up to 45kg, (see Page 32). The mount allows for tool-less adjustment in all planes by means of knurled wheels for in-out and up-down movement. Lateral action is achieved by sliding the display smoothly on wheels located in the mount arms.

- * **Robust modular construction**
- * **Easy to assemble and install**
- * **Wide choice of screen options**
- * **Space for players and PCs**
- * **Discreet cable management**
- * **'Push to open' - 'Push to close' mounts**
- * **Tool-less screen adjustment**

ScreenRail Universal Multi-Display System

ScreenRail™

- * Ceiling Suspended
- * Wall mounted

ScreenRail Multi-Display System

A highly adaptable rail system for mounting screens in-line, in any number. Ideal for Digital Menus, Videowalls & Telepresence, etc. Can be wall mounted and ceiling suspended. ScreenRail system comprises a choice of standard rail modules and a range of screen arms to cover all applications. Back to Back versions also available.

When selecting parts consideration has to be given to screen width & VESA fixing size. The examples of menu boards and videowalls below use **VWA** adjustable arms. We have given these specific codes for ease of ordering but we urge you to check before ordering by providing us with the make & model of your screen. Ceiling suspension examples use 1.5m columns.

Menu Boards

Wall mounted & ceiling suspended.

These kits consist of all parts necessary for fixing screens in line on a wall or ceiling suspending on 1.5 columns.

MV446	46"	3480.00
MV450	50"	3417.80
MV455	55"	3666.40

Standard Universal Arms

Pozimount universal mount arms. Supplied with M4, M5, M6 & M8 fixing screws. Arms incorporate 5mm screen levelling feature and are 45mm deep.

Order Code	length	VESA	£ Ex Vat
PZF0	330mm	200	41.50
PZF3	440mm	400	41.50
PZF5	640mm	600	41.50
PPZF5	840mm	800	55.25

Tool-less Fully Adjustable Arms

Feature 15mm in-out adjustment and 15mm of levelling fine adjustment. Side to side adjustment included.

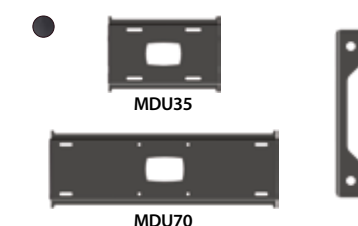

Order Code	VESA	£ Ex Vat
VWA1 Landscape	400	139.65
VWA2 Portrait	600	139.65

Rail Modules

In 3 standard lengths, all with full interchangeability. Provision for bolting together as required. May be ceiling suspended or direct wall fixed, with or without tilt extension brackets (SR10 / SR20).

Order Code	mm (w - h - d)	£ Ex Vat
MD2U35	350 x 235 x 33	69.80
MD2U70	700 x 235 x 33	84.90
MD2U140	1400 x 235 x 33	105.20

Other lengths of rail are available to order: 450(w), 800(w), 1000(w), 1200(w), 1700(w), 1800(w), 2100(w) – Call for details

Fixed Tilt Stand-off Brackets

Use these optional brackets to provide tilted display whenever required. 10 or 20 degree tilt versions listed.

Order Code	£ Ex Vat
SR10 10° tilt (pair)	36.20
SR20 20° tilt (pair)	38.40

Spider Gantries

These ceiling mounted units are available for a wide range of screen sizes incorporating our Pozimount universal tilting screen mounts. The spider style and single column gantry versions have swivel capability and all have cable entry ports for neat installation.

By their very nature all spider style and in-line gantries incorporate parts which are factory made to suit specific requirements but all versions are available on a short turn round basis.

Call our technical support team for advice on any project or installation being considered.

Spider – triple screen unit

* We also manufacture gantries for projectors – Call us for details

Spider – five screen 'pentagon' unit

CP5 Ceiling Mount

Typically 33-57" screens

Spider five screen gantry - illustration shows typical gantry main frame. Add heavy duty column / CP5 ceiling mount (special to these gantries) & screen mounts (pages 20/21).

Order Code		£ Ex Vat
SG3	3 screen spider gantry - max weight per screen 50Kg	462.90
SG4	4 screen spider gantry - max weight per screen 50Kg	617.20
SG5	5 screen spider gantry - max weight per screen 40Kg	770.00
CP5	Large gantry ceiling mount for use with above (Page 22)	108.40

In-line Gantries

Side View

Single sided In-line gantry

Side View

Back-to-back In-line gantry

Typically 33-57" screens

Order Code	Bar Length (mm)	£ Ex Vat	Order Code	£ Ex Vat
DIG1050	100-500	75.60	MSS1	Bolt on socket 17.00
DIG50100	500-1000	75.60	MSP1	Bolt on peg 14.00
DIG100150	1000-1500	75.60		
DIG150200	1500-2000	75.60		

In-line gantries require MSS1 sockets and MSP1 pegs (above), Single sided require PS1s, Back-to-Back PS5s (Page 22). All require Screen Mounts (Pages 20/21).

Product codes & prices listed are intended as a guide as most gantry installations are 'project driven' with the make/model & number of screens as well as the location already chosen. Call our technical team who have wide experience in advising the necessary mount component 'package' to best meet the needs of your installation.

Floor to Ceiling and Floor to Wall Systems

- * Single sided and back to back screen versions
- * Cable management within column uprights
- * Floor to ceiling and floor to wall options

Below are three standard methods of floor to ceiling / wall installation. Select any of the trade kits listed (for nominal ceiling heights of 4m). If the kits do not meet your needs order in component form as required. To enable adjusting heights of screens at installation, long column lengths can be ordered separately with standard adapters. If services are from the floor use ESF or AVF floor plates (Page 22) for cable management.

Single column

Floor to ceiling single column kits:

Order Code		£ Ex Vat
FCUS3	up to 57" - single screen	320.00

Wall fixing brackets for single & twin column use.

Order Code		£ Ex Vat
CTS	Single Column	48.60
CTT150	Twin Column	64.30

Universal Sliding Serviceable Cassette Mounts

The Sliding Serviceable Cassette Mount range consists of wall fixed or under desk mounts with vertical, horizontal or folding slotted cassettes that can be populated with AV peripherals.

The VertiSlide Serviceable Cassette Mount range consists of wall fixed screen mounts with vertical or horizontal sliding & detachable slotted racks for mounting AV equipment. There are three models for different screen sizes. The equipment is hidden behind the screen. Depending on the model, in the event of a swap out the rack can be unlocked, slid down or across and detached if necessary. VertiSlide is a universal unit designed for most screens with the rack positioned towards the bottom of the screen.

An under desk version is also available and incorporates a hinged slotted removeable rack for mounting AV equipment such as players etc. When installed the equipment is hidden under the desk but in the event of a swap out the rack can be unlocked, hinged down and detached if necessary to carry out the maintenance. Has easy close counterbalance mechanism.

Horizontal Serviceable Cassette Mount

Order Code		£ Ex Vat
HTS1	Screens – 71" to 100" max 110kg VESA - 200 x 200 to 900 x 600	599.30

UNICOL PSU™

Unicol Projector Suspension Units

Our PSU (Projector Suspension Unit) range covers all makes of projectors. Each mount is specifically designed for the individual projector models listed, supporting the projector either inverted or in a cradle according to manufacturer's recommendations.

Copyright Hilary Lloyd, Photo courtesy of Sadie Coles HQ, London

Direct Fixing

PSU shown

The preferred method of projector mounting. All our PSU mounts are designed to align accurately with the projector mounting holes and take account of cooling or lamp access needs.

All PSU mounts are now available as micro adjustable versions having 2 axis, level & tilt. (See centre panel).

Order Code		£ Ex Vat
PSU	Standard direct fixing version	138.00
PSC	Cradle direct fixing version	172.00
VSU	Vertical down aspect version	165.00
PPSU	Portrait version	271.20
PSM	Micro-adjustable version	206.80

Cradle Units

PSC shown

An alternative method of projector mounting, either to meet a projector's optical needs or to give protection to projectors when used in 'location to location' or hire circumstances.

Micro Adjustment®

This 2 axis micro adjustment factory fitted option is available for most PSU units and provides a range of precision adjustment in level and tilt.

Registered Design

PSU Specials

We have a wealth of expertise in the design and manufacture of all kinds of projector suspension units to meet client's special requirements. These include mounts for downward or upward projection, multi-projector units, 3D rigs and one-off projects.

Gyrolock® ~ With Universal Mounts

These products are the subject of UK and USA design rights.
UK Registered Design 3011575.
UK Trade Mark 2244062.
US Patent 10/049390.

These universal mounts offer a wide range of adjustment not only to cover widely differing projector screw fixing centres but also allow clearance for contour variations often found in projector design. A universal screw pack to cover most projectors is included.

Shown in white as a no cost option. Black as standard
